Unit 2  Origin of Life

Online Biology Book
1. Origin of the Earth & Life
2. First Life on Earth

WAYNE’S WORD  Natural History
1. Wayne’s Word Natural History
2. Origin of Life & Evolution
3. A Life Form on Mars

Life and Evolution
1. Life & Evolution
2. Amazing Cells
3. THE EVOLUTION OF THE CELL

Fossil Museum
1. Geological Time
2. Paleobiology
3. Tree of Life
4. Evolution
5. Fossil Record
6. Museum Fossils

Life from Space
1. What Is Life
2. RNA World
3. Organic Molecules Found in Space
4. Comets - The Delivers
5. **New Evidence**

**Astrobiology**

1. Planetary Biology
2. Big Bang & Chemical Evolution
3. Life in Extreme Environment
4. Origin of Life

**Children's Encyclopedia of Science**

1. Archaea – Extremophile

**Cosmology and Origin of Life**

1. Big Bang Model
2. How Did Galaxies Form
3. How Did the Earth Get Here
4. Formation of Earth
5. Development of Early Life
6. Dark Matter

**Learn Genetics**

1. Tour of the Basic - Interactive -
2. Heredity and Traits
3. Amazing Cells
4. RNA and Its Roles in Biology

What Is Needed for Life on Earth
What Were the First Molecules to Form Life
1. Annenberg Learner
2. Science of Teaching Science
3. Unseen Life on Earth
4. Rediscovering Biology
